

**European Programme: ERASMUS+ / Learning Mobility of Individuals**

**"CULTURAL EDUCATION THROUGH DANCE-THEATRE"**

**21 AUGUST – 04 SEPTEMBER 2017**

Echodrama Cultural Group (Greece) and TheaterFilmFest gUG Company (Germany) are inviting dance and dance-theatre teachers to participate in the learning mobility of individuals programme "Cultural Education through Dance-Theatre", co-funded by the Erasmus+ Programme of the European Union, through the Youth and Lifelong Learning Foundation, which is appointed as the National Agency for Erasmus+ for the Youth sector in Greece, on the Greek island of Skiathos. Forty six (46) selected teachers, 23 based in Greece and 23 based in Germany, will be given the opportunity to participate in the research project on how to teach the intangible culture of a place through Dance and Dance-Theatre.

**Description of the Project**

The project consists of workshops, individual research, exchange of ideas with the other participants, parallel activities and events, as well as co-creation and participation in small dance-theatre pieces inspired by the intangible heritage of a place, which will be presented at the Municipal Theatre of Skiathos Island.

**The "Cultural Education Through Dance-Theatre" project is an initiative project with a dual aim**

- Professional development of dance teachers in order to organize creative workshops for marginalized youth
- Contribution to the social issue of refugees' and immigrants' integration within local communities through cultural and artistic education.

The dance teachers who will participate in the mobility activity will research ways of teaching the intangible culture of a country to young people by using the borderless language of dance. This kind of training will be particularly useful in the case of teaching young immigrants and refugees, who do not necessarily speak the language of the host country, to get acquainted with local culture, learn values of the host country, socialize with locals, explore host country's culture, promote intercultural dialogue, interact with local artists and thus facilitate their integration and improve mutual understanding between local population and refugees.
